Personal profile

During my work experience [working in a primary school]I was able to know what it is like being in a professional work environment. This allowed me to work well under pressure and the ability to improvise on the spot.

Skills

Working under pressure

Because of the job i am applying for requires the ability to work under pressure to remain calm. I have demonstrated this skill when i was at my work experience(teacher assistant) when it was sports day. All of the parents wanted to go over to their children but they couldn't because of the health and safety reasons , parents were shouting and acting in an aggressive manner through this i was able to remain calm and separate the children.

Leadership

I have demonstrates independence when i was playing netball after school and the PE teacher was busily setting up the equipment so she asked me to do some warm ups and drills with they younger years. I was able to get their attention and demonstrate what they need to do. I was also able to go round to look and correct their technique.

Work experience

July 2023

assistant teacher - [redacted]

My main role was to assist the teacher in the classroom for when they needed help or a extra hanc with the kids. I had the responsibility of assisting with classroom instructions, preparing learning materials, working one to one with students making sure that they understand the topic. From this i have learned how to improvise on the spot when something does not go to plan. I have also taken away how to communicate with people of different abilities.

Education

September 2022 - July 2024

gcse [redacted]

English lit 6 English language 5 maths 4 science 4-3 history 6 RE 7 PE 5 Music level 2 pass

Other interests

October 2019 - Present

Netball

playing netball has allowed me to develop skills like teamwork . It has also developed my communication now i am able to more openly and confidently communicate. Netball has also allowed me to express myself in a way i couldn't before. Because of all these skills i have developed i have become more 'work ready'.
