To change the date range for displayed homework tasks, click on the [Date](#) button to select from the available presets or create your own custom date range.

To display tasks in the order they were set, click on the [Issue Date](#) button

To display tasks in the order they are expected to be handed in, click on the [Due date](#) button.

To view a homework task in more detail, click on the [expand](#) icon in the bottom right hand corner of the homework tile.

A popup will appear that contains the a [description](#) of the homework task, the [estimated completion time](#) and any [links](#) or [attachments](#) that may have been included.

# Keeping track of homework

As your child is assigned homework tasks, you may want track of how they are progressing for the current week.

1 task due this week

0 tasks submitted/completed

1 task remaining this week

The [three banners](#) above the homework status categories count the number of homework tasks that are [due this week](#), how many of those tasks your child has [completed](#) and how many tasks they [still need to complete](#).

To only see homework tasks that require an [attachment submission](#), tick the checkbox labelled [Requires submission](#).

Requires submission?

If you are viewing the [Homework](#) tab via a [desktop](#) or [laptop](#), expanding a homework status category will display a [table overview](#) of each homework task for the selected date range.
